Notes for Using Acrobat Reader

- Tile all active windows using the Window pull-down.
- Close any active window by pressing Ctrl+W
- Exit Acrobat Reader at any time by pressing Alt+F4
- Print an active window using the File pull-down.
- Place the cursor on a selectable option and the cursor changes from a "grabbing" hand to a "pointing" hand. Remember – it only takes a single click!
- Enhance viewing by selecting:
  File - Preferences - General - Default Magnification: Fit Width
